

GOODYEAR
AIR SPRINGS

INTRODUCING PART NO. 1S3-056 THE NEW GOODYEAR® LINEAR AIR ACTUATOR

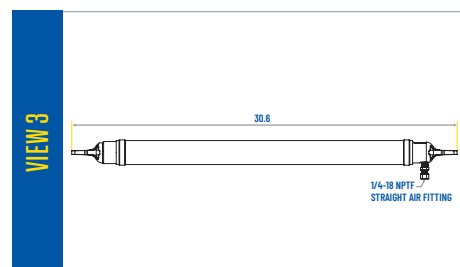

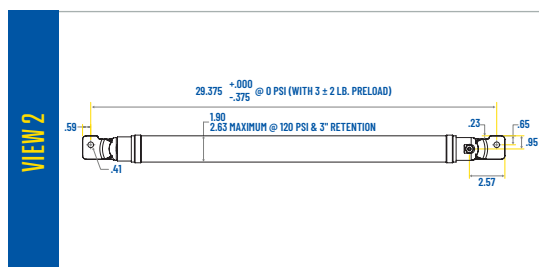

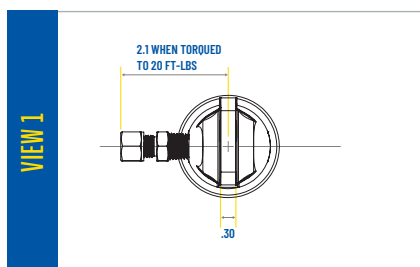

The latest innovation in air suspension technology is here: **Part No. 1S3-056 Goodyear® Linear Air Actuator!** Engineered for heavy-duty performance, this pneumatic actuator makes axle slider adjustments faster, easier, and more reliable. By harnessing the power of air, it delivers smooth and consistent movement, allowing drivers to reposition axle systems quickly and conveniently. The result is improved efficiency at the dock or on the road, reduced manual effort, and dependable operation with minimal maintenance.

Precision-engineered with high-strength, corrosion-resistant materials, this linear actuator is built to withstand the harshest road and weather conditions. Its robust construction ensures long-lasting durability, while the advanced pneumatic design delivers smooth, consistent force for axle slider adjustments.

PART NO. 1S3-056

- Only aftermarket solution to the Hendrickson B-28062-1 / S-28062-1 Sleeve
- Hendrickson Rear Linear Actuator with straight air fitting
- Fits Hendrickson 42" Box applications
