

EUROPEAN AIR SPRINGS PRODUCTS 2026

GOODYEAR
AIR SPRINGS
by **INFINITY**
ENGINEERED PRODUCTS

- **125-year-old reputation** as a trusted supplier of the **highest-quality, most durable** automotive products in the world with a **70-year legacy as an air springs brand**
- The Goodyear brand provides **instantaneous customer credibility**: Goodyear is one of the world's most recognizable brands with significant long-term investment in brand equity and enormous ongoing marketing investment
- The power of the Goodyear brand serves as a **key competitive differentiator** in the highly lucrative **automotive aftermarket segment**, where key competitors include **no-name brands** with poor reputations for cut-rate quality and inferior performance

#17

Most Powerful Global Brand(1)

\$350M+

EXCLUSIVE GLOBAL LICENSEE OF GOODYEAR AIR SPRINGS

Infinity holds exclusive global licensing rights to Goodyear Air Springs: a highly credible signal of product quality built upon more than a half-century of trust, innovation and global visibility

**MEANINGFUL
COLLABORATION WITH
EXPANSION POTENTIAL**

- **Infinity is Goodyear's longest & largest licensee** with a **fifteen-year-old** licensing arrangement
- A strategic commission-per-dollar-sold license **fully aligns Goodyear's incentives** – Goodyear wins when Infinity wins. Goodyear has renewed its five-year licensing agreement twice with **no change to financial terms**
- The Company engages in continued dialogue with Goodyear to ensure **products, marketing and overall strategy are optimally aligned with Goodyear's brand image**: Infinity meets with Goodyear several times a year

Goodyear Air Springs
exists to enable
safe mobility and
reliable performance
around the world.

PRODUCTS

PRODUCT IDENTIFICATION

Product Description

This letter refers to the design of air spring

This letter refers to the type of air spring

This is the nominal outside working diameter.

1R13 - 1802S1

Assembly Number

These numbers identify position or different component

Component Identification

S - Steel Piston

P - Composite Piston

A - For Rolling Lobe Aluminum Piston

These numbers identify components and flex members

Rolling Lobe

Product Description

Number of convolutions
1 - Single Convulated
2 - Double Convulated
3 - Triple Convulated

This letter refers to the type of air spring

This is the nominal outside working diameter.

2B9 - 2200

Assembly Number

These numbers identify components and flex members

Bellow

Product Description

This letter refers to the design of air spring

This letter refers to the type of air spring
S - Seat
C - Cabin

This is the nominal outside working diameter.

1C5 - 9223A

Assembly Number

Component Identification
A - For Seat With Shock Absorber
AL - For Seat Aluminum material

These numbers identify components and flex members

GLOBAL FOOTPRINT

📍 **San Luis Potosi, MX**
Manufacturing

Size: ~150K sq. ft. / 5.7 acres

Ownership: Leased

- Originally opened by Goodyear in 1992; upgraded significantly under Turnspire's ownership
- Adopted Toyota Production System, resulting in major efficiency improvements and lower operating costs
- Operating at ~90% OEE on a 5-day/week schedule
- Annual production capacity of ~5.4M units at current mix - sufficient excess capacity for future growth

Manufacturing & Assembly

~400 Employees

📍 **Fairlawn, OH**
Headquarters and R&D

Size: ~20K sq. ft. / 3.3 acres

Ownership: Leased

- Built in 2017 for product and material development testing
- Engineering team holds 10+ active patents, including magnetic ride height sensors
- In-house development of 14 proprietary rubber compounds and 6 unique spring reinforcement designs

Durability & Environmental Testing

~25 Employees

Goodyear Air Springs' manufacturing facility in San Luis Potosi, MX and R&D center in Fairlawn, OH support both lean production and innovation, with a facility in Europe providing cost-efficient manufacturing and global reach.

 Bursa, Türkiye
Manufacturing and R&D

Size: ~150K sq. ft. / 5.7 acres

Ownership: Leased

- Founded in 1986; now produces 1,200+ product types
- First R&D center in Turkey to develop springs (est. 2016)
- Exports to 80+ countries across 5 continents; certified to IATF 16949, ISO 9001, 14001, and 45001
- Annual production capacity of ~2.6M units

Manufacturing, Assembly & Development

~160 Employees
